

MondoCenter

Turn Your Display Into a Mondopad

Part #: INF-MCENTER3

Connect MondoCenter to any display device to visually present, capture, and share ideas with participants in the room and around the world.

Key Features

- Add the functionality of Mondopad software to your projector or other display device
- Intel Gen6 Core i7 PC running Windows 10 Pro
- Digital interactive whiteboard and document annotation
- Business-class video conferencing (webcam and microphone required)
- Full version of Microsoft Office is pre-installed
- Supports both 1080p and 4K displays in single or dual screen configurations
- Dual screen configuration with touch support
- Bluetooth 4.0 enabled to easily connect peripheral devices
- Mountable on a display or rack

Supercharge Your Display

MondoCenter, paired with your display device and peripherals, changes the way people interact with information, collaborate and connect. Meetings and classroom lessons are more efficient, content is more immersive, and audiences are more engaged.

Upgrade Your Conference Room

MondoCenter adds power and flexibility to your display device to create an expandable, portable, cost effective collaboration solution.

- Built around industry standards and leading technologies from Intel and Microsoft, it fits right into your IT environment and processes
- Securely monitor and manage the MondoCenter from anywhere
- Pair it with an InFocus RealCam PTZ camera and Thunder speakerphone for business-class video conferencing

Video Connect to the World

InFocus 121 Video Calling service is free for the first year, so you can have a video conference on your new MondoCenter right away. If you use an enterprise video conferencing system, you can collaborate using leading cloud, client and SIP video conferencing solutions.

- Add MondoCenter as a SIP end point on your video conference server or service
- Install your desktop client onto MondoCenter for your existing video conferencing system, just like you would a PC
- Works with major video conferencing platforms, such as Polycom, LifeSize, and Cisco

Whiteboard and Annotation

Mondopad's whiteboard and annotation apps make it easy to brainstorm and capture and share ideas.

- Comes with a complete set of writing and drawing tools, pens, highlighters, shapes, and lines
- Drawings and notes can be collected, saved, and emailed to meeting participants right from the MondoCenter

Familiar Applications You Use Every Day

Sharing documents and visuals during a meeting is amazingly easy with the MondoCenter's simple and familiar folder structure.

- Add, remove, and launch documents from the MondoCenter's View/Share folder
- Use the documents (PowerPoint, Word, Excel, PDF, JPGs and more) that you use every day
- Quickly switch between multiple Windows apps and the Mondopad app

Connect, Share, View & Control Content from Any Device

You and your colleagues can securely connect, share and collaborate with anyone, anywhere – making your meetings more collaborative, productive and sustainable.

- Securely connect MondoCenter to your network via its built-in WiFi so any authorized user of your network can share, view, and control their visuals from their PC, tablet or smartphone
- MondoCenter's WiFi creates a wireless access point so guests in the room can easily deliver documents to the device

Specifications*

INF-MCENTER3	
Processor	Intel® Core i7-6700T, Q170 chipset with Intel vPro™ technology; Intel HD Graphics 530
Memory	8GB RAM
